

SPRING BLOOMS

EARRING TUTORIAL

with
Susan Thomas

NEED

- Bicone beads
- 11/0 silver seed beads
- 5-hole peanut spacer beads
- 2 focal beads
- 18 headpins
- 2 eyepins
- Bale-shaping plier
- 1.5 mm 1-step looper
- 20g silver wire

1

Drop 1 seed bead onto each headpin and eyepin. Push eyepins into 3rd hole in peanut spacers.

2

Thread headpins into holes 1, 2, 4, & 5 of each peanut spacer.

3

Add single bicone bead to headpins 1 & 5, and each eyepin. On headpins 2 & 4, add two seed beads.

4

Repeat this pattern but on alternate pins. Instead of 1, add 2 seed beads. Stop at 3 bicones.

5

Use 1.5mm 1-step looper to create loop at the bottom of each headpin and eyepin.

6

On 8 headpins, add 1 bicone, then make loop with 1-step looper and attach to headpins 1, 2, 4, & 5.

7

On 2 more headpins, add 1 bicone, 2 seed beads, 1 bicone. Create loop & attach to eye pins.

8

Grab your focal beads and 20g wire to create and attach earwires.

9

Create loop with 1-step looper on 20g wire, add focal bead, and finish shaping earwire.

10

Attach earwire to eyepin and voila!
