

# STRING ME ALONG

## BRACELET TUTORIAL

with  
Susan Thomas

### NEED

- Coated beading wire
- Hook + ring clasp
- Spacer beads
- Metal seed beads
- Lodalite or other stone beads
- 2 crimps + 1 jumpring
- Om Tara crimper
- Flush cutter
- Bead stopper
- 24g wire
- Strip of leather

1

Gather all your supplies and cut 9" of beading wire. Attach bead stopper to one end.

2

String all your stone beads, spacer beads, and seed beads until bracelet is long enough.

3

Add crimp bead, then french hook side of the clasp, then feed wire back through crimp bead. Pull snug.

4

Squeeze down lightly on crimp bead, then pull beading wire tight until crimp bead is close to bead.

6

Once close to last bead, squeeze Om Tara crimper down completely to secure crimp bead in place.

7

Flush cut beading wire as close to crimp bead as possible.

8

Wrap leather strip w/ 24g wire to create loop, then attach to french hook with jumpring. Voila!
